FORD GARDENS

SIDNEY E. FORD, Mgr.

415 CENTRAL ST. EAST BRIDGEWATER, MASS.

Sid says:

Harvest time is over with all our bulbs packed away in our cellars. We now have a little time to reflect back over the year of 1926, which has been a very pleasant and successful one for us in growing flowers. Our cellars contain a much larger stock of as fine a lot of bulbs as we have ever grown.

I would like to write a personal letter to one and all, giving you a little talk on different plants and bulbs, which from your orders, I know you are most interested in. As my time is so taken up in growing, selecting and producing new varieties for you, it makes this impossible. So I must be content to put in this limited space, my appreciation, and give you all my hearty thanks for your continual patronage and letters which have given me so much encouragement to continue my work.

The year 1926 marked the fifth year of our growing plants and bulbs for the trade. In these five years we have had but one complaint, and that I trust, was satisfactorily adjusted. I do not go as far as to say but what some of you may have been dissatisfied with stock purchased from us. We have no way of knowing this unless same is called to our attention. We are always ready to rectify any mistakes or replace any bulb or plant that does not grow, or proves otherwise than true to name.

This year we are giving you an opportunity to purchase stock in assorted shades of new varieties of *Gladiolus* created by us. These new creations are as good if not better than some of the named varieties that have been sold when first put on the market, as high as two hundred dollars per bulb. I have given my personal attention to the production of this new strain, and consider it unequalled in its wonderful new forms and colorings.

You will find this new strain listed on page 9 under the heading "Gladford's." We have given them this new name not only to associate them with our Gardens, but to keep them from being confused with other new productions. We have made this low price of only \$1.50 per dozen, \$12.00 per hundred. So that you can all afford to have them in your garden.

I wish to call your attention to our Banner Collection of *Dahlias* page 27. This collection contains 10 of my favorites. I have made the price, so that you can *A-Ford to buy from Ford*.

The Path Leading to Our Main Flower Fields

HOW TO GROW AND STORE GLADIOLUS

Gladiolus are quite hardy, and can be planted as soon as the frost is out of the ground.

In this climate we start planting about April 1st, continuing to June 20th, this giving us a continual bloom until frost.

In preparing the soil, we find the use of well-rotted manure gives the best results. (Be sure it is well rotted). It should be plowed or spaded into the soil to a depth of at least 6 inches.

In planting in drills, furrow or dig out to about 6 inches deep. Sprinkle on one side of drill a good potato fertilizer; then rake in, mixing the fertilizer with the soil, until the drill is about 4 inches deep. The potato fertilizer is simply to give the bulbs a good start, and the manure to carry out the further development. Avoid using new manure, as it is high

You Can A-FORD To Buy From FORD

in ammonia, making it very harmful. New manure can be used if spaded or plowed into the ground in the fall. In case you can not get well-rotted manure, sheep dressing is very good.

Many growers use a combination of potato fertilizer and bone meal, mixed in equal parts. Gladioli can be grown in this way with very good results, but the flowers do not stand up as well, the petals not having as heavy a texture as when grown with manure.

The bulbs should be planted at least 4 inches deep, and from 4 to 6 inches apart, to get best results. We plant in double rows, in drills at least two feet apart. Gladioli can be planted in beds, like tulips. In this case we advise planting a mixture of early, mid-summer, and late varieties, thus giving a continual bloom.

Gladioli grown in a hedge, with dahlias as a background, make a beautiful showing. In doing this be sure to leave a space of at least 2½ feet between gladioli and dahlias, to prevent any possible shading by the dahlias.

Avoid shady places, as gladioli grow best in the open. In case the season is dry a good watering once every ten days or two weeks is very beneficial. Soak the soil to a depth of 6 inches or more. A light watering does more harm than good, as it gives the feeders a tendency to work toward the surface, rather than downward. After a rain, or watering, the soil should be stirred to a depth of 1 to 1½ inches, to retain the moisture.

Gladioli should be dug as soon as the foliage begins to turn brown. After digging, cut the tops back close to the bulbs.

Then spread out, to a depth of not more than 2 or 3 inches, to dry, in a place where there is a good circulation of air.

In about two weeks they should be sufficiently dry so that the old bulb roots and the bulblets can be removed. After doing this, place in shallow boxes, not more than 3 inches deep. Store in a good cool, dry cellar, before there is any danger of freezing.

These directions for cleaning and storing should be followed, for if the roots are allowed to stay on too long, or stored in boxes which are too deep, the bulbs are liable to rot, or become diseased.

GLADIOLUS

NEW AND RARE VARIETIES

A. B. KUNDERD

A delicate cream color, overlaid with very delicate blush-pink at edges. A very beautiful ruffled variety and comes later, after most of the other varieties have gone, making it one of the best in its class. Very beautiful and rare. 25c *each*; \$2.50 *dozen*.

ANNA EBERIUS

Beautiful dark velvety rhodamine-purple, throat dark amaranth-purple. Faintly ruffled. This is one of the best of its color and is very popular. 20c *each*; \$2.00 *dozen*.

ALBANIA

One of the late creations—a most pleasing white variety. The flowers are large—and slightly ruffled—one of the best new white. 20c *each*; \$2.00 *dozen*.

BETTY JOY

Soft creamy-white, suffused La-France-pink, having good form and many open at once. This is one of "Bill's" best and it is indeed a good one. \$1.00 *each*.

BYRON L. SMITH (Kunderd)

A light cobalt violet, the throat having yellow tinted markings. 25c *each*; \$2.00 *dozen*.

BLUE JAY

Light blue; large. White blotch with yellow center in throat. 25c *each*; \$2.50 *per dozen*.

CARMEN SYLVA (Prestgard)

Pure silvery white; throat slightly penciled lilac. Straight,

slender spike; extra fine variety for the florist trade. 20c *each*; \$2.00 *dozen*.

DIENER'S AMERICAN BEAUTY

Brilliant American Beauty color with creamy-yellow throat. 50c *each*; \$5.00 *dozen*.

DIANA

(New). Wonderful shade of deep rich mellow blood red. This variety has every good quality that goes toward the making of a high grade Gladiolus. Those who know this variety best, unhesitatingly pronounce it the finest red Gladiolus ever originated. It is rapidly becoming the favorite red variety. 25c *each*; \$2.50 *dozen*.

E. J. SHAYLOR

A beautiful pure deep rose pink; large blossoms. A leader in the rose-pink class. 15c *each*; \$1.50 *dozen*.

EUROPA

Snowy white, without any color mark whatever. Large flowers, compactly placed, and many open. One of the finest whites in existence. Especially valuable for florists' work. Stock too scarce to become common very soon. 20c *each*; \$2.00 *dozen*.

FERN KYLE (Kunderd)

A large creamy white flower, with ruffled petals. One of the new leading varieties and highly recommended by that noted grower. 50c *each*.

View of Our Experimental Garden

GOLDEN MEASURE

This is in my opinion the best yellow variety ever introduced. The flower is large, of a deep pure yellow, and is produced on stalks that often reach a height of $4\frac{1}{2}$ feet and over. A grand variety of unusual merit. 25c each; \$2.50 dozen.

GOLD (Hoeg)

Pure golden yellow, throat a shade deeper; almost self-color. Large flowers, well placed on the spike, and many open at one time. 25c each; \$2.50 dozen.

HAZEL DAWN (Hoeg)

In color a beautiful strawberry pink, the throat being lighter, and carmine dotted. Extra long spike, having many flowers in bloom at one time. 35c each; \$3.50 dozen.

JENNY LIND (Hoeg)

A soft apricot pink, with pale yellow throat, the two colors blending wonderfully. Especially attractive, having many flowers open at the same time. 25c each; \$2.50 dozen.

LOUISE

Clear pure lavender of a bluish tinge; has no magenta or purple in it, and this makes it the finest lavender yet produced, nearly the same shade as Iris Pallida Dalmatica, which is enough said. 25c each; \$2.50 dozen.

MAHOGANY

A very dark shade of mahogany. A new shade in gladiolus. 10c each; \$1.00 dozen.

MARY PICKFORD

Color a delicate creamy-white, throat soft yellow. 15c *each*; \$1.50 *dozen*.

MARSHAL FOCH (Kunderd)

Color, a fine salmon pink, almost self color. Giant flowers and many in blossom at once; has a strong spike, and is an especially good variety. 25c *each*; \$2.50 *dozen*.

MALLOW

A fine cut flower variety, creamy white, edge of petals tinted lavender pink, new. 25c *each*; \$2.50 *dozen*.

MAINE

One of the most beautiful white *Gladiolus* in existence, flowers well placed on tall straight stem. The buds are of a very light yellow color, turning into pure white when in full bloom. 25c *each*; \$2.50 *dozen*.

MRS. DR. NORTON

Color white, the edges suffused with soft La France pink. The three lower petals have a blotch of sulphur yellow, stained at the base with fine specks of tyrian-pink. 10c *each*; \$1.00 *dozen*.

MRS. FREDERICK C. PETERS
(Fischer)

A beautiful rose-lilac shade, the lower petal having a white-bordered crimson blotch; resembles an orchid in color. Awarded a First Class Certificate of Merit by the Massachusetts Horticultural Society. 25c *each*; \$2.50 *dozen*.

MR. MARK (Velthuys)

Color a bluish violet, with throat in lighter shading. 15c *each*; \$1.50 *dozen*.

MELBA (Brown)

A new and unusual shade of salmon, with orange tinted throat. This variety attracts attention wherever exhibited, and was winner of 1st prize at Mass. Horticultural Society. 50c *each*.

MISS AGNES LINNEHAN

One of our latest creations. A most wonderful cerise pink shade—very showy. Everyone entering our gardens admires this variety. Named expressly for and with permission of Miss M. Agnes Linnehan of the West Elm Flower Shop, Brockton. 25c *each*; \$2.50 *dozen*.

MME. MOUNET-SULLY

(Lemoine)

Milk white with a throat blotch of primrose yellow overlaid by carmine. 35c *each*; \$3.50 *dozen*.

MURIEL

One of the loveliest lavender varieties. She just needs the small dark spot in the throat to enhance her beauty. Spikes are tall and straight. Several flowers open at one time. 20c *each*; \$2.00 *dozen*.

NEOGA (Kunderd)

Deep red in color. Very fine for decorating purposs. 15c *each*; \$1.50 *dozen*.

NORA

Light violet blue, deeper blue on lower petals. Dainty and charming. 20c *each*; \$2.00 *dozen*.

O. W. HALLODAY

Color, creamy white with edges of petals a rose pink, the three lower petals having markings of pure sulphur yellow. Has eight or ten blossoms out at same time. A grand flower. 25c *each*; \$2.50 *dozen*.

PURPLE GLORY (Kunderd)

One of Kunderd's Giant flowering varieties. One of the best dark shades; color a deep velvety-maroon red, blotched maroon, but much darker. Petals beautifully ruffled. 25c *each*; \$2.50 *dozen*.

PRIDE OF GOSHEN

Ruffled—Pale flesh, tinted very delicate Rose Eglantine with a golden sheen; throat washed faintly with yellowish-buff. Lower petals broad stripe of cochineal-carmine, and a few delicate pencilings of the same color. 15c *each*; \$1.50 *dozen*.

QUEEN OF WHITES

A late variety of pure white. Blooms same time as Glory of Holland. 15c *each*; \$1.50 *dozen*.

PEACH

New—A late variety cream-white with a peach colored throat. Very attractive. 10c *each*; \$1.00 *dozen*.

ROSE ASH

New—This variety is also known by the name of Ashes of Roses. A new color in Glad-iolus. This variety attracts the immediate attention of all who see it. It is a very tall grower and the long spike well filled with large pastel blooms is a marvel of great beauty. 25c *each* \$2.50 *dozen*.

RED EMPEROR (Groff)

One of the best scarlet varieties, very large flowers on long stiff spike. 15c *each*; \$1.50 *dozen*.

SWEET BRIER

One of the best new sorts, the color of a sweet brier rose. 25c *each*; \$2.50 *dozen*.

SNOWDRIFT

This is without question the purest white of them all; large flowers, on a tall heavy spike. 25c *each*; \$2.50 *dozen*.

SUMMER

Lavender, pink, very choice. Very attractive—fine for decorations and sprays. 10c *each*; \$1.00 *dozen*.

SWEETHEART

This is an exceptionally beautiful variety. The color is a light cream, with golden yellow shading on lower petals, overlaid with faint rose feathering well down in the throat. Although it is a primulinus hybrid it is large and has several flowers open at a time. 25c *each*; \$2.50 *dozen*.

SYPHONE

Color, aster purple, almost self. Faint markings of dark maroon on lower petals. One of the best dark shades. 25c *each*; \$2.50 *dozen*.

TIFFANY (Brown)

Pure white and slightly ruffled, of primulinus origin. Flowers are especially well placed on a very erect spike, and has many flowers in blossom at the same time. A splendid cut flower. 50c *each*.

HOW TO GROW AND STORE DAHLIAS

Unlike the gladiolus, the dahlia does not require too rich a soil. We find a good potato fertilizer the best. Heavy fertilization causes plants to run to foliage rather than bloom.

Tubers should be planted at least 4 to 6 inches deep, and 2 feet or more apart. Mix well in the soil of the hill a small handful of fertilizer; then place the tuber flat down. Do not stand tuber on end.

If season is dry, a good watering once every week or ten days is very beneficial. Soak the soil to a depth of at least 6 inches. A light sprinkling of water is more harmful than beneficial, for it gives the feeders a tendency to work toward the surface, rather than down. After rain, or watering, the soil should be stirred to a depth of from 1 to 1½ inches to retain the moisture. It is a good plan to hill the plants, same as potatoes.

In planting dahlias, select a sunny location, for they do not thrive in the shade.

In the fall, the tubers should be dug and stored in a cool, dry cellar, having an even temperature of 40 to 45 degrees.

As soon as dug in the field, cut the stalks about 2 or 4 inches from the crown. Pack in boxes or bins, with the crown down, to prevent the moisture in the stalk from working down into the tubers, as this will cause rot.

Care should be taken to keep the tubers from too much air circulation or heat, as this is liable to cause them to dry and shrivel. For small lots we find it the best plan to pack tubers in dry sand.

In the spring, divide the clumps in such a manner that each division includes a part of the crown having at least one eye. These eyes, or sprouts, as they are sometimes called, will begin to show up in the spring, thus making dividing easy.

DAHLIAS

During recent years the Dahlia has rapidly grown in favor with its many new and improved forms and shades.

For hedges and in groups they cannot be beat. They also make a fine background for other plants.

NEW AND SUPERB DECORATIVE DAHLIAS

ALEX. WALDIE

The flowers of this variety are large and well formed. They are carried on fine long stems. A cream ground color overlaid with pale salmon-pink. A strong and sturdy variety bearing profusely. \$1.00 *each*.

AMUN RA

This is a beautiful rich yet pleasing autumn tint shading from orange to golden amber. A lovely substantial flower of large size carried on long, heavy stems. \$1.50 *each*.

BONNIE BRAE

Cream shaded to blush-pink. The flowers are of a true decorative form of immense size. \$1.00 *each*.

BERTHA STOREY

Large rosy pink resembling Glory of New Haven, in form. Plants stand very erect with an abundance of flowers, well above the foliage. 75c *each*; \$7.50 *dozen*.

DELLA V. POTTER

A fine shade of lavender-pink; a good grower and bloomer. A good cut flower variety. \$1.00 *each*.

GLORY OF NEW HAVEN

A seedling from "Mildred Slocombe," this being large and more beautiful in color. A beautiful shade of pinkish-mauve. The nearest to lavender to my knowledge in desirable Decorative Dahlias. Plants are tall robust growers and produce large flowers. Indispensable for exhibition purposes. \$1.00 *each*.

INSULINDE

A deep saffron-yellow, shading to russet-orange. One of the best of Holland introductions. The petals are twisted and curled, the flowers exceptionally large, and the stems very long. \$1.00 *each*; \$10.00 *dozen*.

ISABEL STREET

A grand new variety, that has attracted the greatest attention of visitors at our farms and whenever exhibited. The flowers are large, extremely full to the center, while the outer petals reflex to the stem. Color at base bright yellow, shading to bright rose red, with white tips; reflex pale pink. The flowers are of heavy texture and borne facing on long cane stiff stems. An acquisition to every garden. \$1.00 *each*.

JERSEY'S BEAUTY

This is considered the finest pink Dahlia ever introduced. The color is a lovely rose-pink. The blooms are large, well rounded, and of artistic proportions. Jersey's Beauty has created a sensation. Wherever exhibited it has received the highest honors. The firm and massive blooms are borne profusely on strong, heavy stems. \$1.50 *each*.

JUDGE MAREAN

A beautiful blending of red, yellow, orange, salmon-pink and gold. The flowers are very large and are borne on strong, stiff stems. \$1.00 *each*.

JUDGE ALTON B. PARKER

A wonderful shade of golden-buff; a fine exhibition variety,

Sparkling salmon-pink flowers shaded with bright yellow. A most beautiful variety with large flowers carried on long stems. \$1.00 *each*.

MRS. CARL SALBACH

Beautiful mauve pink, shading to white at center. Flowers are large and fine for exhibition. \$1.00 *each*; \$10.00 *dozen*.

MRS. E. L. LINDSAY

The attractive flowers are of remarkable size. The color is a gorgeous combination of bright scarlet and gold. Large, well formed, borne profusely on heavy, sturdy plants. \$1.50 *each*.

MRS. F. F. SCHOCK

Large, regular, perfect form; inner petals cupped, outer flat and reflexed in most approved

manner. Color picric yellow at base of petals, blending to almost pomegranite purple at the tips. The plant is strong, vigorous and an early, free and continuous bloomer on long stiff stems. 50c *each*; \$5.00 *dozen*.

MRS. J. HARRISON DICK

One of the most valuable new varieties of recent production. Color, citron yellow at center, outer petals suffused and overlaid salmon pink; a lovely and effective combination, especially under artificial light. The plant is a wonderful grower, of medium height and branching habit, producing perfect flowers in greatest profusion on long, stiff stems. The flowers are medium to large, 5 to 7 inches in diameter and are held facing on the cane stiff stems. Valuable for exhibition, cutting and the garden. 50c *each*; \$5.00 *dozen*.

MRS. HUGO KIND

PATRICK O'MARA

This essential new decorative variety was awarded a Gold Medal by the American Dahlia Society as the best Autumn shade variety in existence. The color is an unusually soft and pleasing shade of orange-buff, slightly tinged with Neyron rose. It is very large, 7 to 9 inches in diameter and borne on long, strong, erect stems. \$1.00 *each*; \$10.00 *dozen*.

PRIDE OF CALIFORNIA

(Lohrmann). The finest of the dark crimson Decorative Dahlias for all purposes. An exceptionally large flower making it the best possible for exhibition. It produces its gigantic flowers on long stiff stems and very abundantly, making it an ideal garden and cut-flower variety. In warm climates it does very well, and can always be depended upon. The plant is a tall vigorous grower, and produces its flowers on stems as stiff as cane. \$1.00 *each*.

PRIDE OF THE GARDEN

Without doubt one of the most attractive Dahlias grown. Pure

gold in color, with now and then a pure white petal mixed with the gold shade, making it very conspicuous. \$1.00 *each*.

RODMAN WANAMAKER

A most wonderful dahlia admired by all visitors. The blooms were 9-10 inches in diameter. In color again this variety is entirely distinct. The buds are pale lemon yellow as each petal expands, but quickly develops into a golden bronzy pink and finally into a bright shade of Ochraceous Salmon, with reflex of Spinal pink. The bushes are tall and always covered with these immense blooms held perfectly erect on stiff stems. Sold for \$25.00 in 1924. \$5.00 *each*.

SARAH HARLEY

A suprb, new variety that has made a place for itself in the cut flower market. Color rose-pink tipped white. Flowers large and held erect on long cane stiff stems. \$1.00 *each*; \$10.00 *dozen*.

NEW AND RARE CACTUS DAHLIAS

BETTY AUSTIN

A lovely variety that is in a class by itself. Color yellow at base of petal, blending to rosy carmine and rose, yellow at tips; reflex rose. A combination at once pleasing and effective. The flowers are of good size and splendid form, borne erect to facing on long stiff, slender stems, well above the foliage. An early, free and continuous bloomer. The plant is dwarf, 3 to 4 ft. high, of branching habit. A wonderful commercial cut flower and an ideal garden plant. It is entirely distinct and will find its way into every collection. \$1.00 *each*; \$10.00 *dozen*.

BIANCA

New, of large size and fine form. A vigorous grower; color beautiful rose lilac with flowers on strong erect stems; *white shadings*. 75c *each*; \$7.50 *dozen*.

CLAIRE KULP

Hybrid Cactus. A cross of Kalif and Mrs. C. H. Breck. An entirely distinct acquisition having the size of Kalif on a rigid, upright, but slender stem. Color rich cardinal red shaded garnet, yellow at base and at tip of petals. Plant is strong, vigorous, 5 to 6 feet high and a free and continuous bloomer. The first flowers are solid red, mid-season like above and late, for it blooms until frost, show more yellow at base and tip of petal. \$1.00 *each*; \$10.00 *dozen*.

ELSA BONNELL

Rich deep velvety carmine. Deep well built flowers produced on

large size and produced with long wiry stems. Flowers of great freedom. Almost as abundant as the well known "Countess of Lonsdale." Long stiff stems, holding flowers upright, making it very desirable. Recommended. \$1.00 *each*.

F. W. FELLOWS

Flowers of immense size. Composed of numerous long, narrow, incurved petals of a lively orange scarlet. This is one of the largest and finest Autumn varieties. Should be in every collection. 50c *each*; \$5.00 *dozen*.

GEORGE WALTER

One of the largest dahlias ever introduced. Very free flowering. A pleasing shade of salmon pink shading to yellow at base. 75c *each*; \$7.50 *dozen*.

GLADYS SHERWOOD

This is another outstanding Dahlia with pure white flowers belonging to the Hybrid Cactus type. Of fine form, free blooming, and strong growing. Because of its pure white color it is much in demand for all kinds of decorations. Its free blooming habit and strong growth make it fine for garden display. \$1.00 *each*.

KALIF

This is a giant flowering variety. A truly majestic flower, frequently 8 or 9 inches in diameter of perfect cactus form. The color is pure scarlet. 75c *each*; \$7.50 *dozen*.

BLACKBERRY PLANTS THE FORD

This new variety, created by us in 1921. It is a seedling from the Blower blackberry, and is much more hardy. The fruiting season is much longer; in fact, it is really an ever-bearing variety. This year berries were picked from July 25th until frost. The fruit is much larger and better formed than the Blower. Berries are a deep, glossy black, with solid, rich meat, making it excellent for shipping and keeping. For canning it is unsurpassed. This berry took first prize 1924-1925 at the Massachusetts Horticultural Society Exhibition, in competition with other varieties grown throughout New England. (See cut above). Stock limited.

Roots, 25c each; \$2.50 per dozen

BLOWER

A mid-summer variety fruit, very large and of superb quality enormously productive and very hardy, long fruiting season.

Plants: Dozen, 50c; 25, 75c; 100, \$2.00; Postpaid.

RASPBERRIES

Coming immediately after strawberries, when there is a dearth of other fresh fruit, raspberries are much sought after for planting in the garden and also in the field for market. They are easily cultivated and beds seldom require renewing. Their season of ripening is long and fruit always in demand. Plant in good soil and manure freely from time to time. Plant four feet apart each way. Cut out the old shoots each spring.

Roots, each 10c; 10, 60c; 25, \$1.00; 100, \$3.50

CUTHBERT (Red)

The best red raspberry. Heavy yielder of large solid fruit. Plant is a very vigorous grower. Fine for market and table.

PLUM FARMER (Black)

The largest of all black raspberries. Quality of fruit unsurpassed. Good for both home and market.

STRAWBERRIES

We list three, which from our experience prove to be the best all-round varieties.

Plants: Dozen, 50c, 25c, 75c; \$1.00, \$2.00; Postpaid.

The Abington

One of the earliest of the large fruiting varieties. The berries are large and beautifully formed. The surface of the fruit is a deep glossy red, the meat is solid and rich. An ideal berry for home use.

The Howard 17

A mid-season variety, one that may be depended upon to produce a large crop of fruit every season. The plants are splendid growers on any soil. The fruit is large and uniform and of extra sweet flavor. As a canner it is unsurpassed. The berries are excellent for shipping, making it one of the best commercial varieties.

Big Joe

A very late variety of extra fine flavor, berries are large and heavy in texture making them an excellent market berry, as well as for the home garden. We have known these berries to bear a week after all other varieties are gone.
